Dan Cruzat

dan@thecruzat : 773.988.4797

summary

Seasoned Interactive Developer working with teams, outfits and agencies. Experienced remote resource based in Portland OR, available for tasks domestic and distant. I am strongest in layout, interactive and styling code, a good fit for an agile team needing a solid FED with a focus on CSS, polish and presentation. Let's make things as pretty as we can.

Currently working in WordPress, noodling around in Vue and React.
